TERMS AND CONDITIONS

1. Payment terms: days from project completion. CDs, if any, will be printed after payment is received.
2. Prices, quantities, and rates are final unless both parties agree upon a modification, with one exception:
3. Quotes for time spent on hourly labor are estimates; you will be billed based on actual time spent, with a two hour minimum charge for on-site recording. Setup time will be on the clock; tear-down time will not. Time over two hours will be rounded to the nearest half-hour.
4. The resulting Type II adat master tapes from a multitrack recording will belong to you. However, for your convenience, should you want Audio Intuition to remix the tapes, Audio Intuition offers to keep them safely locked in a fire-proof safe on its premises.
5. Signing this quotation constitutes a legally binding contract between you and the provider of goods and services, Audio Intuition, whereby Audio Intuition must provide the goods and services indicated above, and you must thereafter pay Audio Intuition the indicated amount for said goods and services.
